## DETAILED ACTION

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-5, drawn to a textile reactive preparation, classified in class 8, subclass 115.51.
- II. Claims 6-15, drawn to a method for treating a textile and the textile made from said method, classified in class 8, subclass 115.6.
- III. Claims 16-19, drawn to resin reactive modifier, classified in class 106, subclass 287.26.

The inventions are distinct, each from the other because of the following reasons:

Inventions I, II and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions they have different modes of operation, different functions.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

A telephone call was made to J. Larson on 8/26/04 to request an oral election to the above restriction requirement, but did not result in an election being made. Ms.

Larson's law firm indicated the case has been transferred to a Mr. Pathmore's firm, however the power of attorney has not been changed to Mr. Pathmore.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
